

| Faculty name & Designation | Name of the Journal | Category I / II / III | Year of Publication | Points |
|--|---|------------------------------|----------------------------|---------------|
| Dr. P Jaya Krishna Babu (Total Publications: 11) | Methods to assess implant stability-A Review. Journal of Orofacial Sciences | I | 2011 | 15 |
| | Role of dentists in manmade disasters: Indian Journal of Forensic Odontology | II | Mar 2012 | 15 |
| | Comparative evaluation of diametral tensile strength of phosphate bonded investment materials after drying by various methods - An invitro study Journal of International dental and medical research | I | 2011 | 7.5 |
| | Treatment of unilateral bifid condyle resection using a maxillary guidance ramp : A clinical report Journal of Dr. NTRUHS | II | 2012 | 5 |
| | A hassle-free method of model surgery International Journal of dental clinics | I | 2011 | 7.5 |
| | Revascularization: an overview.Journal of International Dental and Medical research | I | 2012 | 7.5 |
| | Fabrication of orbital prosthesis- a case report Journal of orofacial sciences | I | 2011 | 7.5 |
| | Occlusal rehabilitation of a worn-out dentition to functional and esthetic harmony using hobo's twin stage technique.Journal of dental science and research | I | 2014 | 7.5 |
| | Resin luting agents Journal of dental science and research | I | 2015 | 7.5 |
| | Evaluation of shear bond strength of ceramic on commercially pure titanium [CpTi] after Tungsten Inert Gas [TIG] welding - An in vitro study Journal of applied dental and medical sciences | III | 2018 | 5 |
| Evaluation of flexural strength of Zirconia using three different connector designs: An invitro study- Journal of Indian Prosthodontic Society | I | 2020 | 15 | |

| | Total Points | | | 100 |
|---|---|----|------|-----|
| Dr Lokesh Sunkara (Total- 4 Publications) | Evaluation of root coverage with pedicled buccal fat pad in class III and class IV gingival recession defects; Journal Of Family Medicine And Primary Care | I | 2020 | 15 |
| | Comparative evaluation of the tensile bond strength of cements used for the luting of Zirconia crown copings to natural teeth: An in vitro study | II | 2019 | 10 |
| | Assessing the gingival biotypes for better esthetics in Indian population: A cross sectional study- International Journal of Health Sciences | I | 2022 | 15 |
| | Evaluation of the Mean Bite Force and Masticatory Performance of Maxillary and Mandibular Complete Dentures vs Mandibular Implant-supported Over Denture | I | 2022 | 15 |
| | Total points | | | 40 |
| Dr. Bhanu Chander V (Total- 7 Publications) | Evaluation of biological changes at the proximal contacts between single tooth implant prosthesis and the adjacent natural teeth- An in vivo study: Journal of Indian Prosthodontic Society | I | 2020 | 15 |
| | Esthetic and pallative management of congenitally missing anterior teeth using all ceramic prosthesis: A clinical case report | I | 2021 | 7.5 |
| | Bone graft materials used for regeneration of resorbed residual ridge-a review- International journal of current research | I | 2022 | 7.5 |
| | The effect of repeated firing on the color of ceramic system with two different veneering porcelain shades : An in vitro study: Journal Of Research And Advancement In Dentistry | II | 2018 | 10 |
| | Comparison of the transverse strength of three different | II | 2018 | 10 |

| | | | | |
|--|---|-----|------|-----|
| | injection moulding denture base materials – An in vitro study: Journal Of Research And Advancement In Dentistry | | | |
| | Comparative evaluation of bone changes after implant placement and loading with and without flap elevation –An in vivo study: International Journal of Scientific Research | III | 2020 | 5 |
| | Comparative evaluation of retention and resistance between single and two implant retained mandibular overdenture using ball attachments – An in vivo study: International Journal of Scientific Research | III | 2020 | 5 |
| | Comparative evaluation of shear bond strength between Zirconia and resin after treatment with different phosphate based agents – An in vitro study: International Journal of Scientific Research | III | 2020 | 5 |
| | Total Points | | | 50 |
| Dr Gattu Anusha (Total- 6 Publications) | Prosthetic rehabilitation of patient with cleft palate with removable partial denture - International Journal Of Current Research | III | 2017 | 5 |
| | An in vitro study on effect of multiple firings on colour of metal ceramic restorations - International Journal Of Science And Research | III | 2017 | 5 |
| | Comparison of different final impression techniques and occlusal schemes of management of resorbed mandibular ridge: A case report. - International journal of science and research. | III | 2017 | 2.5 |
| | The effect of Osseodensification Technique on Implant Stability: Clinical study- Annals of R.S.C.B | I | 2020 | 15 |
| | Comparision of failure loads of metal ceramic crowns with two different margins: An in-vitro study – Journal of Cardiovascular Disease Research | I | 2021 | 15 |

| | | | | |
|--|--|----|------|------|
| | Is there any difference in the development of mandibular third molars according to type of impaction: An orthopantomographic study in South Indian children and Adoloscents- Legal Medicine | I | 2022 | 15 |
| | Total Points | | | 52.5 |
| Dr. K V Guru Charan Karthik (Total- 8 Publications) | Customised nasal prosthesis in continuous positive airway pressure treatment , current trend in treating obstructive sleep apnea for better patient compliance - Journal Of Family Medicine And Primary Care | I | 2019 | 7.5 |
| | An innovative technique using a stainless steel double die pin retained cheek plumper in complete denture esthetics-a case report – Cureus | I | 2019 | 7.5 |
| | Evaluation of esthetics of incisor position in relation to incisive papilla to replicae in the denture prosthesis - Journal Of Family Medicine And Primary Care | I | 2020 | 15 |
| | Management of short clinical crowns by utilizing horizontal groove retentive technique in crown / tooth or both with different luting cement/ an analysis on extracted teeth - Journal Of Family Medicine And Primary Care | I | 2020 | 15 |
| | Comparison of failure loads of metal ceramic crowns with two different margins-an in-vitro study.-Journal of Cardiovascular Disease Research | I | 2021 | 15 |
| | Knowledge and awareness of dental students toward COVID-19 in India: A cross sectional study – Journal of research and advancement in dentistry. | II | 2021 | 10 |
| | Assessing the gingival biotypes for better esthetics in Indian population: A cross sectional study- International Journal of Health Sciences | I | 2022 | 15 |
| | Evaluation of the Mean Bite Force and Masticatory Performance of Maxillary and | I | 2022 | 15 |

| | | | | |
|---|--|--|------|------|
| | Mandibular Complete Dentures vs Mandibular Implant-supported Over Denture- | | | |
| | Total Points | | | 100 |
| Dr Priyanka Rai (Total- 4 Publications) | Effect of hydrofluoric acid treatment on shear bond strength and surface characteristics of titanium alloys: An in-vitro study - International journal of current research | III | 2019 | 5 |
| | Effect of sandblasting on the bond strength between CAD CAM Milled metal post and direct metal laser-sintered metal post: A Comparative IN-Vitro study - International Journal Of Restorative And Prosthodontic Dentistry. | III | 2019 | 5 |
| | Assessing the gingival biotypes for better esthetics in Indian population: A cross sectional study- International Journal of Health Sciences | I | 2022 | 15 |
| | Evaluation of the Mean Bite Force and Masticatory Performance of Maxillary and Mandibular Complete Dentures vs Mandibular Implant-supported Over Denture | I | 2022 | 15 |
| | Total Points | | | 40 |
| | Dr Kiran Rathore (Total- 5 Publication) | Knowledge and attitude of prosthodontic post graduate on COVID-19: A qualitative research. Annals of Romanian Society for Cell Biology | I | 2021 |
| Evaluation of efficiency of complete dentures using BPS, Lecutonite & Acrylic Materials: An Original Research. Annals of Romanian Society for Cell Biology | | I | 2021 | 15 |
| Is there any difference in the development of Mandibular third molars according to the type of impaction: An orthopantomographic study in south Indian children and adolescence- Legal Medicine | | I | 2021 | 15 |
| Prematurity index for indicating legal age 12 years in a sample of South Indian children- a | | I | 2022 | 15 |

| | | | | |
|--|--|-----|------|----|
| | digital pantomographic study- Legal Medicine | | | |
| | Evaluation of the Mean Bite Force and Masticatory Performance of Maxillary and Mandibular Complete Dentures vs Mandibular Implant- supported Over Denture | I | 2022 | 15 |
| | Total Points | | | 75 |
| Dr. Vaibhav Sharma (Total- 1 Publication) | Esthetic Correction of Dental Fluorosis and Midline Diastema with Lithium Disilicate Ceramic Veneers: A Case Report | II | 2021 | 5 |
| | Prosthetic Rehabilitation Of Missing Anterior Tooth With A Narrow Diameter – Customised Abutment Implant: A Case Report | III | 2021 | 5 |
| | Total Points | | | 10 |
