PITTS 21

The Department of Orthodontics and Dentofacial Orthopaedics conducted a training program for the post graduate students on the latest Passive Self Ligation Orthodontic Appliance System, Pitts 21. This revolutionary system is being introduced for the first time in India at ACDS. The benefits for patients include faster treatment with superior aesthetic results. The cost of treatment is the same as that presently being charged for patients.

ONLINE CLASSES

Due to Covid-19, online classes were being taken for all undergraduate students .
